Contents

Volume 9 Issue 1 | BMJ Supportive & Palliative Care March 2019

Reviews
1 CPR decision-making conversations in the UK: an integrative review
P C Hall, J Lugton, J A Spiller, E Cardoff

12 Self-management, self-management support needs and interventions in advanced cancer: a scoping review
S Budhwani, W P Wodchis, C Zimmerman, R McInerney, D Howell

26 Bereaved caregivers of patients with high-grade glioma: a systematic review
K Püt, S Nordenstjel, A Larsen, M Jarden

Shortcuts
34 Articles of interest in other scholarly journals
E Boland

Updates
35 News and updates from palliativesdrugs.com
A Wilcock, S Chastekow

Short reports
37 Death of outrage over talking about dying
N A Bhavate, S Constaud, M Harker, D H Taylor Jr

40 Internet search query analysis can be used to demonstrate the rapidly increasing public awareness of palliative care in the USA
S McLenn, P Lenon, P Clare

Editorial
45 Palliative medicine physicians: doomed to burn?
J Hynes, M Maffoni, P Argentino, I Giorgi, A Giardini

Case reports
47 Long-term survival in recurrent adenocarcinoma
Md Shuayb, A Das, M N Uddin

51 Prolonged survival with maintenance pemetrexed for a multiple primary malignancy
Md Shuayb, Md S Reza

Education
54 Rethinking priorities: experience of an educational initiative to change attitudes, behaviours and clinical practice in end-of-life care
A Edwards, V Barnes D’Sa, F Hicks

Features
60 Experience-based design, co-design and experience-based co-design in palliative and end-of-life care
E Bergstrom, S Barclay

Research
67 Systematic bias in cancer patient-reported outcomes: symptom ‘orphans’ and ‘champions’
S Thomas, D Walsh, A Akens

75 Development and validation of the Comprehensive Quality of Life Outcome (CoDoLo) inventory for patients with advanced cancer
M Miyashita, M Wada, T Hama, M Ishida, H Onishi, S Tsueto, Y Shima

84 The importance of identifying preferred place of death
M Ali, M Capel, G Jones, T Gazi

92 A prospective observational study of prevalence and outcomes of patients with Gold Standard Framework criteria in a tertiary regional Australian Hospital
S Milans, N R Orford, G Berkeley, N Lambert, R Simpson, T Elderkin, C Corke, M Bailey

Letters
100 ‘When something is this rare…how do you know bad really is bad…?’—views on prognostic discussions from patients with advanced soft tissue sarcoma
N Gough, J R Ross, J Riley, J Judson, J Keefman

108 ‘Total relaxation’: Buddhist mindfulness-based intervention in laypersons and patients with cancer
S Suwanvecho, B Suwanvecho, K Pongpirul

110 Protection during haemopoietic stem cell transplantation: a survey from the quality of life working party of the Rome Transplant Network

112 Responding to the public’s voice: changing corna donation practice in a hospice
K Tredgett, L Ward-Davies

114 Finding meaning: a personal reflection on Adem
E Button

More Contents ➤
Electronic pages

e1  Confidence in palliative care issues by medical students and internal medicine residents
A C M Stewart, G Dalmedico de Castro, L Castegnoni, P M Cary

e2  Thyroid skeletal metastasis: pain management with vertebroplasty
G Orgenes, M Krebidas, A Rebonato, M Andrea Tipaldi, L Mascagni, M Rossi

e3  A collaborative approach to facilitate professionals to support the breathless patient
V Shaw, A Davies, B N Ong

e4  Supporting family carers in home-based end-of-life care: using participatory action research to develop a training programme for support workers and volunteers
G Caswell, B Hardy, G Ewing, S Kennedy, J Seymour

e5  Developing the methods and questionnaire (VOICES-SF) for a national retrospective mortality follow-back survey of palliative and end-of-life care in England
K J Hunt, A Richardson, A-S E Darlington, J M Addington-Hall

e6  End-of-life prescribing of aspirin in patients with breast or colorectal cancer
L Murphy, C Brown, A Smith, P Czanzfeld, L Sharp, K Veerasamathan, K Bennett, T I Barrow

e7  Responses to assisted suicide requests: an interview study with Swiss palliative care physicians
C Garmondi, G D Borrasi, P Oliver, N Preston, S Payne

e8  Experiences and reflections of patients with motor neuron disease on breaking the news in a two-tiered appointment: a qualitative study
A A Széber, A J Pels, A H¿ida, H F Grønnesa, D I Willems, M de Visser

e9  ’It’s a hard conversation to have’. Healthcare professionals’ views concerning advance care discussions with young people affected by life-limiting neuromuscular diseases: an interview study
A Hiscock, S Barclay

e10  Impacts of person-centred integrated chronic heart failure and palliative home care on pharmacological heart failure treatment: a substudy of a randomised trial
R Markgren, M Bränsström, C Lundgren, K Boman

e11  Experience of acute noninvasive ventilation—insights from ‘Behind the Mask’: a qualitative study
T A Smith, M Aqar, C R Jenkins, J M Ingham, P M Davidson

e12  Normalising and planning for death in residential care: findings from a qualitative focus group study of a specialist palliative care intervention
N Johnston, C Lovell, W-M Liu, M Chapman, L Forbat

e13  Exploring the association of hospice care on patient experience and outcomes of care
R Kleinpell, E E Vasilevskis, L Fogg, E W Ely

e14  Considerations and recommendations for conducting qualitative research interviews with palliative and end-of-life care patients in the home setting: a consensus paper
S Swell, H Prent, N Hopewell-Kelly, J Baillie, A Byrne, M Edwards, S Harrop, S Noble, C Sampson, A Nelson

e15  Evaluating the experiences and support needs of people living with chronic cancer: development and initial validation of the Chronic Cancer Experiences Questionnaire (CCEQ)
C Harley, S Pini, L Kenyon, A Daffi-O’Reilly, G Velikova

e16  Palliative care referral and associated outcomes among patients with cancer in the last 2 weeks of life
M Ledoux, W Rhonadi, V Lafumas, J Benthiller, M Teissere, C Pegay, S County-Targe, A-M Schott, E Bruera, M Filbet

e17  Gaining an accurate reflection of the reality of palliative care through the use of free-text feedback in questionnaires: the AFTER study
A V Bowyer, I Finlay, J Baillie, A Byrne, J McCarthy, C Sampson, V Snow, A Nelson

e18  Training general practitioners contributes to the identification of palliative patients and to multidimensional care provision: secondary outcomes of an RCT
B Thomsen, S H M Gerritzen, K C P Vissers, S Verhagen, C van Weel, M Groet, Y Engels

e19  Psychological processes of suffering of palliative care patients in Malaysia: a thematic analysis
S B Tan, E C Loh, C L Lam, C G Ng, E J Lim, C C M Boey

e20  Patient-family agreement on values and preferences for life-sustaining treatment: results of a multicentre observational study
A Abdul-Razzaq, D K Hayland, J Simon, S Chosh, A G Day, J J You

e21  Effect of communication skills training on outcomes in critically ill patients with life-limiting illness referred for intensive care management: a before-and-after study
N R Orford, S Milnes, N Simpson, G Keely, T Elderkin, A Bone, P Martin, R Bellomo, M Bailey, C Corke

e22  Paediatric advance care planning survey: a cross-sectional examination of congruence and discordance between adolescents with HIV/AIDS and their families
M E Lyne, R H Dallas, P A Carrie, M L Wilkins, A Garrañ, Y I Cheng, J Wang, Adolescent Palliative Care Consortium
