Contents

Volume 9 Issue 2 | BMJ SP Care June 2019

Reviews

117 State of the science: the doll is dead: simulation in palliative care education
I Evans, M Taubert

120 Is palliative care cost-effective in low-income and middle-income countries? A mixed-methods systematic review
E A Rad, O Kovalechke, K Jahanyde, S Brown, D Hensey, I Grant

130 Barriers to specialist palliative care in interstitial lung disease: a systematic review
J W Kim, C Atkins, A M Wilson

Shortcuts

139 Articles of interest in other scholarly journals
E Bolland

Updates

141 News and updates from palliativeedrugs.com
A Wilcock, S Charlesworth

Short reports

143 Japanese physicians’ experiences of terminally ill patients voluntarily stopping eating and drinking: a national survey
T Shinjo, T Menta, D Kicus, M Renaga, H Abi, S Matea, S Tsuneto, Y Kizawa

146 Leaky pipeline, gender bias, self-selection or all three? A quantitative analysis of gender balance at an international palliative care research conference
K E Skeman, J Koffman, I J Higginson

Case reports

151 QOL-enhancing surgery for patients with HER2-positive metastatic breast cancer
M Kai, M Kaiho, H Kawai, K Kanata, H Mori, M Yamada, M Nakamura

155 Purple urine bag syndrome in palliative care
S Watanaprat, A Watanaprat, A Meepukmak, P Rubkapan

Education

158 Experiential learning to increase palliative care competence among the Indigenous workforce: an Australian experience
S Shilad, S Ekeberg, M Holloway, C Jacka, P Yates, G Carney, S C Thompson

Features

164 ‘How can patient and carers’ experiences shape services?’ The Royal Society of Medicine palliative care competition
S Murdoch

Research

167 Factors associated with variation in hospital use at the end of life in England
M Bartley, T Georgiou, R Spence, J Billings

175 Comparison of informal caregiver and named nurse assessment of symptoms in elderly patients dying in hospital using the palliative outcome scale
R Dawber, K Armour, P Ferry, B Mukehterje, C Carter, C Meyers

183 The death of patients with terminal cancer: the distress experienced by their children and medical professionals who provide the children with support care
H Otani, M Ozawa, T Menta, A Kawami, S Sharma, K Shibaishi, A Osuka

189 Evidence of increasing public participation in advance care planning: a comparison of polls in Alberta between 2007 and 2013
J E Simon, S Grotch, D Hayland, T Cooke, S Davison, J Helroyd-Ladea, E Waylenko, J Howlen, K Fossbender, for the Advance Care Planning Collaborative Research and Innovation Opportunities Program (ACP CROI)

197 Do patients with lung cancer recall physician-initiated discussions about planning for end-of-life care following disclosure of a terminal prognosis?
G Horne, S Payne, J Seymour

202 Supporting and improving community health services—a prospective evaluation of ECHO technology in community palliative care nursing teams
C White, S Maltman, I Dunwoody, M Watson

Research

174 National survey of end-of-life care competition
S Shilad, S Ekeberg, M Holloway, C Jacka, P Yates, G Carney, S C Thompson

Features

175 Comparison of informal caregiver and named nurse assessment of symptoms in elderly patients dying in hospital using the palliative outcome scale
R Dawber, K Armour, P Ferry, B Mukehterje, C Carter, C Meyers
